What is the AMP?

The Alexandria Mobility Plan (AMP), a strategic update to the 2008 Transportation Master Plan, focuses on expanding **high-quality transportation choices** so transportation in the city continues to serve the needs of residents, businesses, and visitors as the region grows and new technology impacts the ways we get around.

The community-driven planning process, initiated in 2019, established a vision that **safe, seamless, and connected mobility options foster a thriving Alexandria for all.**
